

A Theory of Nonviolent Action: How Civil Resistance Works (Paperback)

Filesize: 4.27 MB

Reviews

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).
(Lexie Paucek PhD)*

ZED BOOKS LTD, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. In this ground-breaking and much-needed book, Stellan Vinthagen provides the first major systematic attempt to develop a theory of nonviolent action since Gene Sharp's seminal *The Politics of Nonviolent Action* in 1973. Employing a rich collection of historical and contemporary social movements from various parts of the world as examples - from the civil rights movement in America to anti-Apartheid protestors in South Africa to Gandhi and his followers in India - and addressing core theoretical issues concerning nonviolent action in an innovative, penetrating way, Vinthagen argues for a repertoire of nonviolence that combines resistance and construction. Contrary to earlier research, this repertoire - consisting of dialogue facilitation, normative regulation, power breaking and utopian enactment - is shown to be both multidimensional and contradictory, creating difficult contradictions within nonviolence, while simultaneously providing its creative and transformative force. An important contribution in the field, *A Theory of Nonviolent Action* is essential for anyone involved with nonviolent action who wants to think about what they are doing.
