Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, How Not to be Wrong: The Hidden Maths of Everyday Life, Jordan Ellenberg, The Sunday Times Bestseller. The maths we learn in school can seem like an abstract set of rules, laid down by the ancients and not to be questioned. In fact, Jordan Ellenberg shows us, maths touches on everything we do, and a little mathematical knowledge reveals the hidden structures that lie beneath the world's messy and chaotic surface. In How Not to be Wrong, Ellenberg explores the mathematician's method of analyzing life, from the everyday to the cosmic, showing us which numbers to defend, which ones to ignore, and when to change the equation entirely. Along the way, he explains calculus in a single page, describes Godel's theorem using only one-syllable words, and reveals how early you actually need to get to the airport.
