

## Availability of mineral phosphates for plant nutrition, Vol. VI, No. 13, June 26, 1916, pp. 485-514

### Book Review

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.
