It is great and fantastic. Better than ever, though I am quite late in starting to read this one. It has been written in an extremely simple way and is particularly only right after I finished reading this ebook where it actually changed me, affected the way I really believe.

Yes, it's a Constitutional crisis, on many levels, but Trump is merely a distraction. The real guy to watch is Mitch McConnell, who engineered the derailment of Hillary Clinton's popular election victory by some three million votes. In many ways over the past eight years, including denial of Obama's moderate Supreme Court nominee in favor of a radical corporate henchman, and engineering the overthrow of Hillary Clinton's wide popular election victory, Mitch McConnell and his corporate owners have ensured that we never see health care reform - at any cost. Why? Because the corporations who own Mitch, and who run a national U.S. holocaust in corporate health care denial (laughingly called health insurance), steal a trillion dollars every year from our economy, and they do not want to lose it. Neither the corporations nor their political arm (the Corporate Party, laughingly called republicans) could afford to allow Hillary to assume office as the popularly elected President of the United States. According to a landmark 2009 Harvard study, health care denial kills over 45,000 U.S. citizens a year. You could be next, or your child, your spouse, or other loved ones. Not only do Mitch McConnell's owners murder over 45,000 citizens a year (an ongoing U.S. national holocaust that nobody talks about, including the corporate press, which is not a free press...
