## VIRAL HEPATITIS

VDM Verlag Mrz 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x6 mm. This item is printed on demand - Print on Demand Neuware - The high prevalence of viral hepatitis in general population visiting the hospital, use of unsafe injection and contaminated equipment in health care related procedures appears to have played the predominant role in occupational transmission of hepatitis B and C. Randomly selected health care staff (doctors, nurses, technicians, assistant and general staff and administrative staff) working in different...
