Excerpt from York Institute: Something of Its Past, Present and Future It is fortunate that the name York Institute was given to this society. Had it been any less general, York County Historical Society or York County Natural History Society, the association would have suffered by being regarded by some as too narrow in its designs. Under the former of these titles a few lovers of nature and science would have been repelled, thinking civil and political history to be dry, and to them nearly profitless under the latter, others would have been kept away whose fondness was for men, places and events, rather than for God's humbler creatures and lower creations. As it is, the name is non-committal; in only one respect pointing to the particular, where it seems to confine us somewhat closely to whatever concerns York County. In this respect, however, it is only a seeming. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
